PROFESSIONAL SUMMARY

Motivated and detail-oriented **Full Stack Web Developer** pursuing a Diploma in Computer Engineering. Hands-on experience building modern, responsive, and scalable web applications using **React.js, Node.js, Express.js, and PostgreSQL**. Possesses a strong foundation in frontend and backend architectures, REST APIs, secure token authentication systems, and database management. Proven ability to debug workflows and deploy live projects.

TECHNICAL SKILLS

Languages:	JavaScript (ES6+), Python, Java, C, C++
Frontend:	HTML5, CSS3, React.js, Bootstrap, Responsive Web Design
Backend:	Node.js, Express.js, RESTful APIs Architecture
Databases & ORM:	PostgreSQL, MySQL, TypeORM, DBMS Concepts
Tools & Control:	Git, GitHub, Postman, Visual Studio Code
Core Concepts:	Data Structures & Algorithms (DSA), Authentication & Authorization

PROFESSIONAL EXPERIENCE

Light Micro Finance Company

May 2025 – July 2025

Web Development Intern

- Architected full-stack web applications utilizing **React.js, Node.js, Express.js, and PostgreSQL**.
- Designed, built, and tested robust **REST APIs** to streamline frontend and backend data synchronization.
- Implemented secure user registration, token-based login mechanisms, and dynamic management dashboards.
- Diagnosed code issues, optimized slow database queries, and managed successful deployment and bug-fixing pipelines.

KEY PROJECTS

College Management System (Full Stack Portal)

Tech Stack: React.js, Node.js, Express.js, PostgreSQL, TypeORM

- Developed robust secure Admin and Student dashboards to handle institutional operations cleanly.
- Engineered fully functional independent modules for Faculty, Course records, Admission forms, and Fee Payments.
- Integrated safe token-based user authentication and strict role-based access authorization policies.

Amazon Clone (E-Commerce Platform)

Tech Stack: React.js, JavaScript, CSS3

- Built an extensive Amazon-inspired web interface with dynamic product listings and clean navigation structures.
- Implemented persistent client-side state management to accurately process shopping cart interactions.

Personal Portfolio Website

Tech Stack: HTML5, CSS3, JavaScript

- Designed and deployed a modern, fully responsive online landing showcase for personal technical skills and projects.

EDUCATION

Diploma in Computer Engineering

2023 – Present

Shree Swaminarayan Polytechnic, Gandhinagar (Currently in 6th Semester)

SSC (10th Standard)

2023

Gujarat Secondary Education Board (GSEB)
